Keep your library system a strong and vital part of Pasco County

Supporting the Pasco County Library System
pascolibraries.org
Books Are Just The Beginning...

ibraries are America's great equalizers—the only place people of all ages and backgrounds can freely use so many diverse resources.

Public libraries need private help today.

Money raised by the Pasco Library Foundation provides funding to the Pasco County Library System to enhance its collection, facilities, and services beyond what tax dollars provide.

Your gift enables the Foundation to fill shelves with new collections, purchase advanced technology that make ideas and knowledge easily accessible, and offer special programs that enrich the soul as well as inform the mind. With your donation, we are able to support the library as it makes a difference in the lives of children, teens and adults in our community.

Keep your library system a strong and vital part of Pasco County. Be a partner of the Pasco Library Foundation.

he Pasco Library Foundation is a charitable trust with both 501(c)(3) and 509(a)(1) non-profit status. It was established in 2008 with the goal to provide essential support to the Pasco County Library System through private contributions.

Beginning in 2007, the changing economy and a reduced property tax base resulted in a strained budget and cutbacks in library services.

Recognizing that a strong library system is essential to the quality of life in Pasco, the Friends of the Pasco County Library System worked to establish a way of generating private-sector support to supplement tax-based funding. The Pasco Library Foundation is the result.

The credit for the impact of the Pasco Library Foundation belongs to the citizens of Pasco County whose deep commitment and generous support enables library services to grow to meet the needs of a constantly changing community, despite the fluctuating tax base.
